# What is TEA?

TEA (Teen Economic Abuse) is a pattern of control in which individuals interfere with their partners ability to build, use, and maintain their career and earnings

A survey of respondents ages 13-19 showed that majorities experienced...

What does this have to do with parents?

Educational Interference

68%

Job Interference

67%

Financial Control

65%

of participants said that their parents/guardians shaped their views on healthy relationships.

Educate yourself to support your teen.
